

**Are you ready to face new challenges?  
Do you wish to grow with an international high-tech leader?  
If so, we want to meet you.**

***Adacel Inc. is recognized for its innovative software solutions for operational air traffic management (ATM) and air traffic control (ATC) simulation and training. Our success in Canada and the international market has created opportunities for experienced professionals to join us in the following role:***

**Remote Pilot Operators (3 open positions)  
Temporary (Approximately 9 months)  
(Cornwall, Ontario)**

**Job Summary:**

Remote Pilot Operator are required to provide training to students on our MaxSim® system (Air Traffic Simulator) at the Canadian Forces School of Aerospace Control Operations (CFSACO), located in Cornwall, Ontario.

**Essential Duties and Responsibilities:**

The RPO operates a combination of display/keyboard/Voice Communication System (VCS) to simulate the actions and communication of pilots and remote ATC facilities during medium and high-fidelity training exercises. RPOs receive voice commands from students, input proper entries into the automated system to simulate pilot actions, translate displayed information into appropriate ATC terminology, and respond to the student via the VCS utilizing proper phraseology.

**Qualifications:**

- High school diploma or equivalent.
- Have at least 1 year of aviation related experience or training (military or air traffic control)
- At least one (1) year of experience in a comparable position.
- Demonstrate minimum keyboard speed of forty (40) wpm with ninety (90) percent accuracy.
- Have at least 1 year of experience using computer systems e.g. programming, entering data, processing ATC instructions, etc.
- Have at least 1 year of experience using Microsoft Word/Excel/Power Point.
- Ability to read and interpret materials such as diagrams and manuals.
- Have the ability to speak clearly and be understood.
- Must be able to work independently, without supervision.
